

## PE Complex Interim Policy

The following policy has been adopted by the President's Cabinet as an interim measure to consolidate multiple policy statements or unstated practices as it relates to the reservation or use of the PE Complex. This interim policy statement is included in the proposed Facility Use for Events Policy which will be routed through the University Policy review and adoption process in early Spring 2018. Until such time, this interim policy remains in effect. The policy does not suggest the free use of the PE complex or any space on campus and existing policies regarding the costs associated with facility use remain the same until such time a new Facility Use for Events policy is approved by University Council.
