MLIS Policy on Interlibrary Loan (ILL) Requests for Textbooks

Dear MLIS Students:

Textbook purchases are a standard, predictable part of the expense of pursuing a degree. The textbooks you purchase for classes are the beginning of your professional library. The MLIS faculty expects that you will purchase the required textbooks for all your courses.

Interlibrary Loan services exist to provide short-term access to materials. Using ILL to avoid buying a text book circumvents the intent of ILL and makes the item unavailable to other users. Section VI of the American Library Code of Ethics states that "We do not advance private interests at the expense of library users, or our employing institutions." Students should not request textbooks through ILL.

Photocopying large sections of a textbook or printing multiple pages from an electronic textbook in order to avoid buying the book is a violation of copyright. Section IV of the American Library Code of Ethics states that "We recognize and respect intellectual property rights." Students should consider these professional pledges of professional conduct at all times.

If you want to reduce your textbook costs, do comparison shopping at these sites:
